SANJANA BOPPIDI

boppidisanjana24@gmail.com | +919390124265

Linkedin | Github

Warangal, Telangana, India

PROFESSIONAL SUMMARY

Computer Science undergraduate with strong foundations in Python, data structures, and web development.
Experienced in building real-world software projects including real-time communication systems and management applications.
Passionate about problem solving, machine learning, and developing efficient software solutions.

EDUCATION

SR University, Warangal
Bachelor of Technology in Computer Science (CGPA: 9.64 / 10)
2023 – 2027
Relevant Coursework: Data Structures, Design and Analysis of Algorithms,
Object-Oriented Programming, Operating Systems, Machine Learning

TECHNICAL SKILLS

Programming Languages : Python, C
Web Technologies : HTML, CSS, JavaScript
Frameworks & Tools : Bootstrap, Git, Visual Studio, AngularJS
Databases : SQL Server, Oracle, PL/SQL
Data Science & Machine Learning : Pandas, NumPy, Matplotlib, Scikit-learn
Domains : Machine Learning, Full-Stack Web Development

PROJECTS

- Private Ping – Real-Time Chat Application
- Technologies: Node.js, Socket.IO, HTML, CSS, JavaScript
- Developed a real-time private chat application supporting instant messaging.
- Reduced message delivery latency by 30% using WebSocket communication.
- Implemented room-based chats to enable group conversations.
- Added media sharing features for images, videos, and documents.
- Hotel Management System
- Technologies: C Language
- Built a system to manage hotel bookings and reservations efficiently.
- Enabled adding, viewing, and managing guest records.
- Reduced manual tracking errors by 75%.
- Improved operational efficiency by saving approximately 20 hours per week.
- Smart Delivery Vehicle Navigation System
- Technologies: IoT Concepts, Embedded Systems
- Designed a smart delivery vehicle with real-time tracking and GPS navigation.

- Implemented obstacle detection for safer automated navigation.
- Improved delivery efficiency through route optimization.

INTERNSHIP EXPERIENCE

Python Programming Virtual Internship – CodSoft
January 2025
Completed a 4-week internship focused on Python programming and application development.
Built Python-based projects demonstrating problem solving and coding skills.
Gained hands-on experience in debugging and optimizing software applications

---

CERTIFICATIONS

- Data Analytics Essentials (Cisco, 98%) – 30 hours
- Introduction to Deep Learning (Infosys, 90%) – 36 hours
- AI-ML Virtual Internship (Edu skills, 90%) – 10 weeks
- Data Analytics and Visualization Job Simulation (Accenture, 90%) – 30 hours
- Machine Learning with Python (IBM, 90%) – 30 hours

ACHIEVEMENTS

- Participated in Aiml Hackathon , IIT Hyderabad – June 2025.
- Certificate of appreciation for outstanding academic excellence in 3-1.
- Completed Data Analytics and Visualization Job Simulation by Accenture to strengthen analytics and Visualization skills.

SOFT SKILLS

- Communication and Interpersonal Skills.
- Problem-Solving and Critical Thinking.
- Teamwork and Collaboration.
- Adaptability and Flexibility.
